Apparel Construction 3: Day Dress
Portland Sewing, 2111 NE 43rd Avenue, Portland OR
Contact: info@portlandsewing.com

PREPARE THE PATTERN YOUR INSTRUCTOR GIVES YOU:

1. Looking at the pattern instructions, choose your pattern pieces.
2. Using paper scissors with long blades or a rotary cutter, trim around your pattern pieces just outside the cutting (dark, solid) line. Cut off notches.
3. Press your pattern pieces with a DRY IRON to ensure an accurate cut.
4. Mark 5/8" seam allowance lines with a soft pencil at the shoulders, sides, armseye and neckline.
5. Tape below the armseye and neckline seam allowance lines using 1/2" Scotch magic tape in small pieces.
6. Pin out any pleats. If there is a yoke, pin the yoke to the back (fold in half along the center back line if needed) on the SA, wrong sides together.
7. Pin together the shoulder and side seams on the SA, wrong sides together.
8. Pin the sleeve together on the SA, wrong sides together but do not attach it to the bodice.

Buy the amount of fabric suggested by the pattern for your size and view. Choose a cotton, cotton-poly, chambray, or stable poly or rayon (not stretchy or slippery) for the blouse. Do not buy large plaids, stripes or patterns that need matching. Don't forget to buy buttons for the blouse.

Pre-shrink (wash and dry) and iron fabric. Do not cut it before the first class.

You will buy fusible knit interfacing AFTER the first class.

Bring your sewing machine, attachments and supplies to the first class. You will sew.

ALSO BUY OR BRING: *(Please label all equipment with your name)*
